- IV. Health Commissioner Report:** Mr. Migliozi presented a written report to the Board for their review. In addition, Mr. Migliozi reported that over the past 4-5 weeks, our county has seen a down turn of the number of overall COVID-19 cases. Over the past 7-day period, there has been 210 cases, and 6 weeks ago we were at approximately 1,100 cases per week. The cases rate was as high as 850/100,000 less than 2 months ago, and we are currently at 106/100,000. If this trend continues, our county will soon be under the CDC's high incident rate of 100/100,000, which is very encouraging. Mr. Migliozi attributed the decline to the strong messaging of hand hygiene, social distancing and masking, which he feels has resonated with our community. The health district has administered well over 7,000 first doses of the COVID-19 vaccine, and 3,000 of the second doses. The health district continues to hold clinics weekly. We continue to receive our vaccine allocations, as we are meeting the 95% threshold and using the vaccine received within the 7-day threshold. Mr. Migliozi gave kudos to the staff for working the vaccination clinics under sometime very difficult conditions. During the recent extreme weather conditions, our agency did not cancel any clinics, even though they were forced to deal with freezing temperatures and high winds. Our staff is dedicated to getting our citizens vaccinated, and Mr. Migliozi stated that he could not say enough about our staff's commitment.

**MOTION: 21-19** made by Mr. Borocz, second by Mr. Simon to accept the Health Commissioner's written report as presented.

Mr. Biery asked Mr. Migliozi to explain to the Board how we are assisting Warren City. Mr. Migliozi stated that our agency has done a number of events, and we have worked a number of clinics with Trumbull Community Action Program (TCAP) and Mr. Van Nelson. Mr. Nelson is a fantastic and dedicated individual to work with, and has assisted us with testing and vaccination. We will continue collaborating with him to meet the needs of the most vulnerable that are having difficulties reaching traditional clinics. We have gone out to senior apartment complexes, and we have also assisted the Warren City Health District with vaccination clinics.

- IX. Board Report:** Mr. Simon read into the record a written report on the developments of the proposed structure to be built at the fairgrounds to conduct vaccination clinics (see attached). Mr. Simon informed the Board that there were questions raised as to whether this type of expense qualified under the COVID funding. Mr. Simon stated that he spoke with one of our state representatives who reached out to Congressman Tim Ryan, and he stated that it was a qualified expense under the COVID funding. A press conference was held yesterday at the Trumbull County Fairgrounds, in which Congressman Ryan attended. One county commissioner voted to rescind last week's vote, but it died for lack of a second, so, the project is ready to move forward. Mr. Biery told Mr. Simon that he was amazed at how much he was able to accomplish in a month, and thanked him for a terrific job. Mr. Biery questioned as to whether it was in the minutes of the commissioners' meeting that this building be maintained for its intended purpose by the health district? Mr. Simon stated that the day after the board of health meeting, he contacted Bud Rogers at the fairgrounds, he was with the Fire Chiefs' Association, and they were in agreement, but we should draft an agreement with the fair board and the agricultural society; however, the grounds are owned by the county commissioners. An agreement will be worked on to present to the county commissioners and the fair board outlining that the health district would have the "1<sup>st</sup> Right of Refusal" for use of the building. Mr. Messersmith stated that he understood that Dr. Firster gave the presentation at the commissioners' meeting, and he did an eloquent job in presenting the project, and also thanked him for efforts. It was also added that the commissioners are still concerned, and were going to talk to the attorney general's office to

see if the project is legal, but Congressman Tim Ryan stated that it was 100% what the money is to be used for. It was asked if the building could be used by the health district for the fair. Mr. Migliozi stated that we would need to check with the fair board. Mr. Simon added that it would be good to use to promote our services.

On an unrelated matter, Mr. Migliozi informed the Board that he is working with the Girard City Mayor to renew their health services agreement. Under their agreement, they have the right to appoint a member to the Board, and they reappointed Tom Borocz to another 5-year term.

**X. Old Business: None**

- XI. New Business:** A. Declaration of Unfit for Human Habitation – 25 W. Liberty, Girard City, John M. Penza, Owner – Not Present. A request was received from Girard City officials to conduct an inspection to determine if the structure was fit for human habitation. An inspection was conducted on January 29, 2021. Upon inspection, the inspector noted gross unsanitary conditions, the inside of the structure was gutted, the windows were broken throughout, and the structure was in horrible condition.

**MOTION: 21-23** made by Mr. Messersmith, second by Mr. Borocz to declare the structure at 25 W. Liberty St., Girard City, unfit for human habitation and a danger to life and health. The property owner must secure and make improvements, or raze the structure within 60 days. Failure to comply will result in the matter being turned over to the court of competent jurisdiction.

At the January 27<sup>th</sup> meeting of the Trumbull County Board of Health, the board voted in favor of me heading up a committee to explore the possibility of constructing a domed type structure at the fairgrounds to conduct vaccinations, food, supply and PPE storage and distribution hereby noted as Covid related activities. I sought after and received the endorsement of the Trumbull Fire Chiefs Association and the Fair Board/ Agriculture Society. I further sought and received the endorsement for this project from State Reps Michael O'Brien and Mike Loychik as well as our State Senator Sandra O'Brien. Warren Mayor Doug Franklin also chose to endorse the project with the expectation of some Warren City residents utilizing the location for Covid related activities.

Along with the fire chiefs and Fair Board President I attended a workshop of the County Commissioners after requesting an approval of funding be placed on their agenda. Although it did not make to the agenda we attended regardless and utilized our time before the board to present our case. Our request was for the most part well received however there was some degree of opposition. We were questioned as to our due diligence in our efforts to secure alternate sights.

I assured them that I did. So you are informed as to what was explored on my end, some of the agencies I contacted were; the Air Reserve Station, The Youngstown-Warren Regional Airport, the former K-Mart distribution center on Larchmont Ave., Millwood Industries on Ridge Rd. in Vienna, and property on Rt.88 in Bristol with a suitable structure but geographically unsuitable for our needs. This was reported to them in a written report, in that report I also informed them about our continued pop-up clinics and further informed them about the \$60,000.00 quote for the building renovations at the fire station.

On Thursday February 18<sup>th</sup> I, along with Dr. Firster, Bob Bairy, and Greg Dubose attended the Commissioners meeting at their request. Dr. Firster addressed the Board of Commissioners on behalf of the Board of Health and did an outstanding job of presenting our request and he answered all of their concerns. At that point Commissioner Cantalamessa made a motion from the floor to approve our request for a building.

At this point I have to back up a bit to inform you of the process I have been going through to secure a building. I first asked for emergency legislation to put up a building so we could do it without competitive bidding. That did not work for two reasons; first you need a unanimous 3-0 vote of the commissioners for that to pass, which by now was obvious that we would not get and secondly if it did pass it would only be good for up to \$100,000.00 which would not cover our costs.

So I went to plan B, I located a building on the Department of Administrative services State Purchasing program. It was not everything we needed so I called and was informed that we could add what we needed. After I did that, which took nearly two weeks, they informed me that they *could not* accept the additions. This brought Plan C into place. Sourcewell is a Cooperative Bidding Program in which the county belongs and is the same as state purchasing.

## Health Commissioner's Report – February 24, 2021 Board of Health Meeting

### 1) Budget/Financial

- Attached is the monthly financial report for January 2021. The general fund is at a positive cash balance of \$467,724.83, and our all fund balance at \$2,504,594.42.

### 2) Credit Card

- Quarterly update on the credit status has not changed.
- For the credit card transactions, please see the list of bills.

### 3) Vehicles

- Attached is the cost analysis for the month of January for the vehicles. The overall cost savings with the vehicles, for the month of January shows as a negative \$690.03, with a year to date savings of negative \$690.03. This negative cost savings is due to low vehicle mileage and higher than normal vehicle repairs (one of the vehicles needed new brakes).

### 4) Building/Grounds – (None)

### 5) Union/Management – (None)

### 6) Policies/Procedures – Revisions – (None)

### 7) COVID-19 (Coronavirus)

- To date, our agency has administered over 7,000 COVID-19 first doses, and over 2,000 second doses. Our agency is administering approximately a 1/3 of vaccine given by all Trumbull County providers. We have been receiving a minimum of 800 first doses per week, and as much as 2,000 first doses.
- As we are now in the thick of things with administration of not only first doses, but now second doses, our staff continues to meet the demand, and perseveres, through extreme weather conditions, to insure that we meet the expectations of the state, which is to administer all vaccine within a 7-day timeframe.
- The state now has developed a new scheduling/management system, "VMS", and has encouraged all providers to utilize it. When this system becomes available to us, we will be working on transitioning over to that system. The state has assured us that our existing residents that have registered on our wait list will be moved over to the new system, so that they do not get bumped. We feel that this new system will solve a lot of our ongoing scheduling issues, as it will determine eligibility, show who has clinics on what dates and the individual can then accept which clinic they wish to attend. Keep in mind the scarcity of the vaccine has contributed to the long waiting lists, and everyone needs to remember that it will take time to contact individuals to schedule their vaccination.

**Board of Health Report February 24, 2021 for January 2021**

- TCCHD Nursing Division has conducted weekly walk in and drive up COVID mass vaccination clinics. As of February 8, 2021, TCCHD has distributed 5,310 first doses of COVID vaccine and 605 second doses of COVID vaccine in Trumbull County. These clinics have been conducted in collaboration with community and Medical Reserve Corps volunteers. The Nursing division continues to do COVID case tracing and follow up.
- Attached is a copy of the overdose report for January 2021.
- Attached is the January 2021 Project DAWN, Influenza, and Animal Bite reports.

\*WCPD use paperwork is not coming in at the rate it did previously. I used to receive the reports from the Chief of WCPD, by email. But I now receive them from one of the street crimes officers and he batches them rather than emailing as they come in. Resulting in the low use numbers under Law Enforcement.

\*Jan. was a very large month for First Responder refills. However, Pharma has extended the shelf life of Narcan and will allow for a greater possibility for use vs. expiration refills. OSHP needed refills and they are stopping a large number of drug traffic on the interstate. They have a large number of cruisers and troopers.
