Trumbull County Board of Health – Regular Meeting
September 24, 2025 – 1:00PM
194 W. Main St. * Cortland, Ohio 44410

BOARD MEMBERS PRESENT: Louis Adovasio
Robert Biery, Jr.
Gregory Dubos
Dr. Harold Firster
Kathy Salapata, RN
John "Jack" Simon, Jr., President Pro Tempore
John C. Messersmith, President

STAFF: Jenna Amerine, MPH, CHES, Grants Coordinator
Daniel Bonacker, MPH, REHSIT, Accreditation Coordinator
Kristopher Kriebel, MS, CHES, Health Educator
Daniel Dean, MBA, CPA, IT Specialist
Rodney Hedge, REHS, Public Health Inspector
Johnna Ben, Administrative Coordinator

OTHERS: James Enyeart, MD, Medical Director
Robert Kokor, Legal Counsel

MINUTES

I. **The meeting was Called to Order, and the Pledge of Allegiance was said.**

II. **Adoption of Agenda:** ***MOTION: 25-132*** made by Mr. Adovasio, seconded by Mrs. Salapata to adopt the agenda as presented.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

III. **Approval of Minutes:** ***MOTION: 25-133*** made by Mrs. Salapata, seconded by Mr. Simon to approve the minutes of the August 20, 2025, regular meeting, as presented.

Roll Call Vote:

Mr. Adovasio – Abstain
Mr. Biery – Abstain
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

IV. **Health Commissioner Report:** Mr. Migliozzi was not present but did provide a written report to the Board for their review. Ms. Ben also provided an amendment to Mr. Migliozzi's report on his behalf regarding a CDC issued Health Advisory about a new outbreak of Ebola virus disease in the Democratic Republic of the Congo. Currently, there have been no suspected, probable, or confirmed cases related to this outbreak reported in the United States or outside of the Democratic Republic of the Congo.

MOTION: 25-134 made by Mr. Biery, second by Mr. Adovasio to accept the written report of the Health Commissioner as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

V. **Director of Nursing Report:** Mrs. Heckman was not present but did provide a written report to the Board for their review.

MOTION: 25-135 made by Mr. Adovasio, seconded by Mrs. Salapata to accept the Nursing Director's written report as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes

Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

VI. **Director of Environmental Health Report:** Mr. Wilster was not present at the meeting but provide a written report to the Board for their review.

MOTION: 25-136 made by Dr. Firster, seconded by Mrs. Salapata to accept the Environmental Director's written report as provided.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

VII. **Grants Coordinator Report:** Ms. Amerine provided a written report to the Board for their review. Ms. Amerine also informed the Board that the health district had received notification that we will be receiving the full award of $134,168.00, for the PHEP grant. Ms. Amerine also provided the Board with a spreadsheet showing for fiscal year 2026 the grant funds that will either be reduced or lost. Mrs. Salapata thanked Ms. Amerine for providing the spreadsheet.

MOTION: 25-137 made by Dr. Firster, seconded by Mr. Adovasio to accept the Grants Coordinator's written report as provided.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

VIII. **Accreditation Coordinator Report:** Mr. Bonacker provided a written report to the Board for their review. In addition, Mr. Bonacker informed the Board that the health district had completed 7 of the 9 domains and most likely will have all the documents requested by PHAB submitted prior to the October 10, 2025, deadline.

MOTION: 25-138 made by Mr. Adovasio, seconded by Dr. Firster to accept the written report of the Accreditation Coordinator as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

IX. **Health Educator Report:** Mr. Kriebel provided a written report to the Board for their review.

MOTION: 25-139 made by Mr. Biery, seconded by Mrs. Salapata to accept the Health Educator's written report as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Present*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

X. **Board Report:** Mr. Messersmith stated that he had attended the Trumbull Township Association's September dinner meeting, and a presentation on the repeal of property taxes was given.

Mr. Simon informed the Board that at the last Trumbull County Commissioners' meeting, Atty. William Danso, Trumbull County Assistant Prosecuting Attorney, made a statement

that the Board of Health had offered our second floor space for the 911 Center, and then backed out, and this statement was reported by the news media. Mr. Simon stated that after discussion with his fellow building committee members, he and Dr. Firster did a rebuttable statement and sent that to the news media. In that statement it was made known that the Health District never withdrew its original offer to provide the space for the 911 Center rent fee, under the utility-payment agreement, and remained committed to working collaboratively with the County Commissioners and the 911 Center to finalize an agreement that best serves the interests of all parties and provides an appropriate home for this critical county service.

XI. Old Business: At this time the Board discussed the proposed lease agreement that they had presented to the County Commissioners for the 911 Center, and the Commissioners' decision to now request formal bid proposals.

Mr. Dubos entered the meeting at 1:20pm.

Following discussion, the decision was made to resubmit a formal lease proposal, but not deviate from the price submitted in the original proposal. In addition, it was decided that the Board would not allow an outside equity firm, which had been previously discussed by the Trumbull County Commissioners, to conduct an inspection of the second floor.

MOTION: 25-140 made by Mrs. Salapata, seconded by Mr. Adovasio to resubmit a formal lease proposal for the 911 Center to the Trumbull County Commissioners, adhering to the legal notice guidelines.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – *Not Yet Accepted Into the Meeting*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

MOTION: 25-141 made by Mr. Adovasio, seconded by Mr. Biery to accept Mr. Dubos into the meeting.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes

Mr. Dubos – *No Vote Taken*
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

XII. New Business: A. Salary Adjustment & Advancement for Julie Callen to Secretary II – Pursuant to the collective bargaining agreement, Julie Callen has met the requirements to be promoted from Secretary I to Secretary II, effective September 21, 2025. Mrs. Callen's job responsibilities will remain the same.

MOTION: 25-142 made by Mrs. Salapata, seconded by Dr. Firster to promote Julie Callen, pursuant to the collective bargaining agreement, to Secretary II, effective September 21, 2025.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

B. Passage of Revision of the Regulation of the Trumbull County Combined Health District for Establishing Fees - .06 Food – 1st Reading – The environmental division conducted a cost methodology on the food program and based upon that cost methodology new fees are being proposed. The last time that the food fees were amended, apart from vending, was in 2015. The proposed fees were presented to the Licensing Council, and they did vote to recommend the 2026 proposed fees. Mr. Biery stated that the fees were presented and discussed with the Licensing Council, and the Council was in support of the proposed new fees.

MOTION: 25-143 made by Mr. Biery, seconded by Dr. Firster to dispense with the formal reading and pass the proposed fees for .06 Food for their first reading.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes

Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

C. RESCISSION – Declaration of Unfit for Human Habitation – 3488 Oakmont, Hubbard Twp., Michael Anthony Davis, Owner – Not present. At the April 24, 2024, Board of Health meeting, the Board voted to declare this structure unfit for human habitation. Since that time the owner has made several repairs to the structure. On August 6, 2025, Hubbard Township Zoning stated that they were presented evidence showing that the conditions that were present at the time of the health district's inspection had been corrected and requested that the Board of Health rescind their declaration of unfit. A recent inspection by the environmental staff of the health district concurs with Hubbard Township's findings.

MOTION: 25-144 made by Mr. Adovasio, seconded by Mrs. Salapata to rescind Motion: 24-105 declaration of unfit for 3488 Oakmont, Hubbard Twp.

Roll Call Vote:
Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

D. Declaration of Unfit for Human Habitation – 6372 Stoddard Hayes Rd., Johnston Twp., Thomas Williams, Owner – Mr. Williams was present. A request was made by Johnston Township to determine if the structure was fit for human habitation. Upon inspection on July 31, 2025, Mr. Hedge noted the presence of solid waste, no heating or electrical components and huge holes in the structure.

E. Declaration of Unfit for Human Habitation – 6382 Stoddard Hayes Rd., Johnston Twp., Thomas Williams, Owner – Mr. Williams was present. A request was made by Johnston Township to determine if the structure was fit for human habitation. Upon inspection on July 31, 2025, Mr. Hedge noted the presence of solid waste, no heating or electrical components and huge holes in the structure.

Because Mr. Williams owns both properties, the Board heard them together.

Mr. Williams stated that no one lived in either of the structures, but he had been using them for agricultural purposes, storing his hay in them. He also stated that he was interested in taking down the structure at 6382 Stoddard Hayes.

Mr. Hedge and the Board explained to Mr. Williams that the township was requesting both structures be declared unfit and the township wanted both removed. Mr. Simon asked Mr. Williams if he agreed that the structures were unfit for human habitation, explaining that was all that the Board was voting on was that the structures were no longer fit to live in. Mr. Williams agreed.

Mr. Hedge added that the township should have a hearing with Mr. Williams before they take any action. Mr. Williams stated that he believed that he was being harassed by one of the Johnston Township Trustees. Following discussion, the process was explained to Mr. Williams and he was informed that he would have to work with the trustees on this matter.

MOTION: 25-145 made by Dr. Firster, seconded by Mr. Biery to declare the structures at 6372 Stoddard Hayes Rd., Johnston Township, and 6382 Stoddard Hayes Rd., Johnston Township, unfit for human habitation.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

The Board explained again to Mr. Williams that the only action taken by the Board of Health was determing that people could not live in the structures, and that was all. The Board of Health does not determine whether the structures can be used for agricultural purposes.

XIII. Citizens Comments: None

XIV. Executive Session: ***MOTION: 25-146*** made by Mr. Simon, second by Mr. Dubos to close for executive session for discussion regarding pending litigation, employment contracts

and consideration of the appointment, employment or discipline of a public employee or official.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried. (Closed 1:36pm)

MOTION: 25-147 made by Dr. Firster, seconded by Mr. Simon to reopen to public session.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried. (Reopened 2:30pm)

XV. Approval of Payment of the Bills: ***MOTION: 25-148*** made by Mr. Dubos, seconded by Mrs. Salapata to approve payment of the bills as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

XVI. Adjournment: ***MOTION: 25-149*** made by Dr. Firster, seconded by Mr. Dubos to adjourn.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mrs. Salapata – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried. (Adjourned 2:31pm)

RECORDED BY:

John C. Messersmith
President
Trumbull County Board of Health

For

Frank Migliozzi, MPH, REHS
Health Commissioner and Secretary
Trumbull County Board of Health

Health Commissioner's Report – September 24, 2025 Board of Health Meeting

1) **Budget/Financial**
   - Attached is the monthly financial report for August 2025. The general fund was at a positive cash balance of $700,097.57 for the month of August. Our all-fund balance for the month of August was $2,515,766.43.
   - As of this writing, we have not yet received the 2024 audit from Charles E. Harris & Associates. As soon as the audit is completed, I will inform the Board.
   - We received notice from ODH that the CDC has released the remaining PHEP funds, and we will be receiving our full Notice of Award amount for the 2025-2026 fiscal year.

2) **Credit Card**
   - Two of the three credit cards have been renewed and will expire in 2027. The remaining credit card will expire in June of 2027. For the credit card transactions, please see the list of bills.

3) **Vehicles**
   - Attached are the cost analysis for the month of August for the vehicles. The overall cost savings with the vehicles for the month of August was $3,589.74 with YTD savings of $22,845.75.

4) **Building/Grounds**
   - A formal lease proposal was sent over to Commissioner Dennis Malloy, Asst. Prosecutor William Danso and 911 Director, Tacy McDonough on July 29, 2025. The lease proposal gave the county 90 days to respond. To date, we have not had an official response to our proposal. The Trumbull County Commissioners, at their regular meeting on September 17, 2025, did vote to authorize Trumbull County 911 to request proposals for the lease of office space. The proposals are due by 3:00pm on Friday, October 10, 2025.
   - We are having two Federal Pacific electrical panels replaced. These panels were found to have a history of breakers failing to trip during overloads, potentially leading to electrical fires. The tentative date for replacement of these panels is September 27, 2025.

5) **Union/Management - None**

6) **Policies/Procedures – Revisions**
   - PHE-1050 Staffing Phone Lines During a Public Health Emergency
   - PHE-1010 Sending A Health Alert Network Message
   - PHE-1220 Outbreak and Cluster Investigation
   - NUR-1030 Sending Specimens to the Ohio Department of Health Laboratory

7) **Accreditation**
   - The submission deadline to PHAB for the additional documents that they requested is October 10, 2025. I have been working with Dan Bonacker in selection of the additional documents, so he has time to prepare them and submit them by the deadline.

8) **Other**
   - Erin Heckman, Kris Wilster and I will be at the AOHC Conference in Columbus September 22, 2025 through September 24, 2025, and will not be in attendance at the Board meeting.
   - On September 3, 2025, the Ohio Department of Health (ODH) sent out a letter notifying health districts that there were updates to Ohio Administrative Code Chapter 3701-3, which will become effective October 1, 2025, and will affect communicable disease reporting. Attached to my report is the updated "Know Your ABCs: A Quick Guide to Reportable Infectious Diseases in Ohio" and the letter that was sent out by ODH.
   - On September 10, 2025, the ODH sent out an email regarding the 2025-2026 COVID vaccine. In that e-mail they stated that on August 27, 2025 the Food and Drug Administration announced approval of the COVID-19 vaccines for adults 65 years of age or older, and for those with at least one underlying health condition that would put the individual at high risk for severe outcomes from COVID-19. The CDC / Advisory Committee on Immunization Practices (ACIP) are scheduled to meet September 18-19, 2025, and discuss the use of the new COVID-19 vaccines. ODH is awaiting guidance from the CDC / ACIP regarding the use of the new COVID-19 vaccines on those under age 65 with underlying health conditions.

Addendum to Health Commissioner's September 24, 2025 Written Report
(Taken from CDC's Health Alert Network (HAN) "Ebola Outbreak in the Democratic Republic of the Congo)

The CDC issued a Health Advisory about new outbreak of Ebola virus disease (EVD) in the Democratic Republic of the Congo (DRC). EVD is a severe illness and is often fatal.

Currently, no suspected, probable, or confirmed EVD cases related to this outbreak have been report in the United States or outside of the DRC. The risk of spread to the United States is considered low at this time. As a precaution, this Health Advisory Summarizes CDC recommendations for US public health departments, clinical laboratories and healthcare workers about potential EVD case identification, testing and biosafety consideration in clinical laboratories.

On September 8, 025, CDC issued a Travel Health Notice for people traveling to the DRC. CDC recommends that all travelers to the affected health zones in the DRC avoid contact with ill people during travel and monitor themselves for symptoms of EVD while in the outbreak area and for 21 days after leaving. Travelers who develop symptoms during this time should self-isolate and contact local health authorities or a clinician. At this time, CDC is not recommending additional assessments or monitoring of travelers arriving from the DRC by the jurisdictional health departments unless mentioned in the existing Viral Hemorrhagic Fevers (VHF) guidance.

Recommendations for Public Health Departments

- Follow your established jurisdictional protocols about patient assessment to determine if testing for EVD is warranted for a patient with concerning clinical and epidemiologic history for EVD is identified in your jurisdiction.
- Coordinate patient management, specimen collection, and EVD testing with state, tribal, local, and territorial health departments, CDC, and the clinical team.
- Contact CDC's Viral Special Pathogens Branch (VSPB) 24/7 for consultations about EVD or other VHFs.
- Be aware of CDC's Trael Health Notice for suspected EVD in the DRC and consider engaging travel health clinics or other clinical and public health partners to increase awareness about EVD.
- Review CDC's recommendations for Public Health Management of People with Suspected or Confirmed VHF or High-Risk Exposures.

September 3, 2025

Dear Colleagues:

Updates to Ohio Administrative Code (OAC) rules 3701-3-01, 3701-3-02, 3701-3-03, 3701-3-04, 3701-3-07, 3701-3-08, and 3701-3-13 will become effective on Oct. 1, 2025. A summary of key updates for communicable disease reporting are summarized below and in the attached "Know Your ABCs: A Quick Guide to Reportable Infectious Diseases in Ohio."

OAC 3701-3-02

- The following conditions are newly specified as Class A reportable conditions and should be reported immediately via telephone:
  - Infant and wound botulism, in addition to foodborne botulism.
  - Free-living amoeba infection.
  - Tularemia, inhalation.
- The following conditions were added as Class B conditions and should be reported by the end of the next business day:
  - Carbapenemase-producing organisms (replacing carbapenemase-producing carbapenem-resistant Enterobacteriaceae, CP-CRE).
  - Cholera.
  - *Cronobacter*, invasive infection in infants less than 12 months of age.
  - Melioidosis.
  - Mpox.
  - Latent tuberculosis (TB) infection in a child 2 years of age or younger.
  - Tularemia, non-inhalation.
- The following conditions were removed as reportable conditions:
  - Amebiasis.
  - Aseptic meningitis.

OAC 3701-3-04

- This rule requires submission of isolates and patient specimens that were previously solicited under ODH's "Request for Bacterial Isolates or Patient Specimens."
  - Note: sending isolates does not constitute a report of the positive findings.

OAC 3701-3-07

- This rule requires syndromic surveillance reporting from emergency departments (EDs).
  - EDs that submit data to ODH electronically will be considered "in compliance" with the syndromic surveillance portion of the rule. ODH has contracted with Health Monitoring Systems, Inc. (HMS) to collect syndromic surveillance data in Ohio.
  - Local health departments will continue to access syndromic surveillance data through the EpiCenter system which is managed by HMS.
- The following health conditions were moved from 3701-3-02 to 3701-3-07 and are still reportable by the end of the next business day as Class B conditions:

The State of Ohio is an Equal Opportunity Employer and Provider of ADA Services.

- Hemolytic uremic syndrome (HUS).
- Influenza-associated hospitalization.
- Influenza-associated pediatric mortality.
- Toxic shock syndrome.

- The following health conditions were added and should be reported by the end of the next business day as Class B conditions:
  - Acute flaccid myelitis (AFM).
  - Hospitalizations of:
    - Coronavirus disease 2019 (COVID-19).
    - Respiratory syncytial virus (RSV).

Reporting

- Reports should be made to the local health department in which a patient resides. If patient residence is unknown, report to the local health department in which the reporting healthcare provider or laboratory is located.
- The Ohio Department of Health (ODH) is working closely with CliniSync, the state's Health Information Exchange (HIE), to facilitate reporting of influenza, COVID-19, and RSV hospitalizations. CliniSync will be submitting reports to ODH unless a hospital opts out of relying on CliniSync. If a hospital opts it, it is required to manually report to the local health department. If a hospital opts out, ODH will notify the impacted local health department.
  - Local health departments should contact the ODH Bureau of Infectious Diseases for access to supplemental surveillance databases for COVID-19 and RSV reporting.

For More Information

- Healthcare facilities should contact their local health department with any general questions or to report a communicable disease.
- For questions on reporting through Electronic Laboratory Reporting, contact the ODH Office of Informatics, Data, Epidemiology, and Analytics (IDEA) at ELR@odh.ohio.gov.
- Syndromic surveillance questions can be directed to the ODH IDEA at SMED@odh.ohio.gov.
- Please visit ODH's Shipping Resources and ELIMS webpages for information on submitting isolates and patient specimens to the ODH Laboratory.
- Local health departments should report cases and suspect cases to ODH and contact the Bureau of Infectious Diseases with any questions: 614-995-5599 or ORBIT@odh.ohio.gov.

Thank you for your ongoing collaboration to protect Ohioans from communicable diseases.

Sincerely,

Kristen Dickerson PhD, MSN, MPH, RN, MLT (ASCP)
State Epidemiologist

Mary DiOrio, MD, MPH
Medical Director

Department of Health

Know Your ABCs:
A Quick Guide to Reportable Infectious Diseases in Ohio

From the Ohio Administrative Code Chapter 3701-3; Effective October 1, 2025

Class A:
Diseases of major public health concern because of the severity of disease or potential for epidemic spread – report immediately via telephone upon recognition that a case, a suspected case, or a positive laboratory result exists.

- Anthrax.
- Botulism.
- Diphtheria.
- Free-living amoeba infection.
- Influenza A - novel virus infection.
- Measles.
- Meningococcal disease.
- Middle East Respiratory Syndrome (MERS).
- Plague.
- Rabies, human.
- Rubella (not congenital).
- Severe acute respiratory syndrome (SARS).
- Smallpox.
- Tularemia, inhalation.
- Viral hemorrhagic fever (VHF), including Ebola virus disease, Lassa fever, Marburg hemorrhagic fever, and Crimean-Congo hemorrhagic fever.

Any unexpected pattern of cases, suspected cases, deaths, or increased incidence of any other disease of major public health concern, because of the severity of disease or potential for epidemic spread, which may indicate a newly recognized infectious agent, outbreak, epidemic, related public health hazard, or act of bioterrorism.

Class B:
Diseases of public health concern needing timely response because of potential for epidemic spread – report by the end of the next business day after the existence of a case, a suspected case, or a positive laboratory result is known.

- Acute flaccid myelitis (AFM).
- Anaplasmosis.
- Arboviral neuroinvasive and non-neuroinvasive disease:
  - Chikungunya virus infection.
  - Eastern equine encephalitis virus disease.
  - La Crosse virus disease (other California serogroup virus disease).
  - Powassan virus disease.
  - St. Louis encephalitis virus disease.
  - West Nile virus infection.
  - Western equine encephalitis virus disease.
  - Yellow fever.
  - Zika virus disease.
  - Other arthropod-borne diseases.
- Babesiosis.
- Brucellosis.
- Campylobacteriosis.
- *Candida auris*.
- Carbapenemase-producing organisms (CPO).
- Chancroid.
- *Chlamydia trachomatis* infections.
- Cholera.
- Coccidioidomycosis.
- COVID-19-associated hospitalization.
- Creutzfeldt-Jakob disease (CJD).
- *Cronobacter*¦ invasive infection in infants less than 12 months of age.
- Cryptosporidiosis.
- Cyclosporiasis.
- Dengue.
- *E. coli* O157:H7 and Shiga toxin-producing *E. coli* (STEC).
- Ehrlichiosis.
- Giardiasis.
- Gonorrhea (*Neisseria gonorrhoeae*).
- *Haemophilus influenzae* (invasive disease).
- Hantavirus.
- Hemolytic uremic syndrome (HUS).
- Hepatitis A.
- Hepatitis B (non-perinatal).
- Hepatitis B (perinatal).
- Hepatitis C (non-perinatal).
- Hepatitis C (perinatal).
- Hepatitis D (delta hepatitis).
- Hepatitis E.
- Influenza-associated hospitalization.
- Influenza-associated pediatric mortality.
- Legionnaires' disease.
- Leprosy (Hansen disease).
- Leptospirosis.
- Listeriosis.
- Lyme disease.
- Malaria.
- Melioidosis.
- Meningitis, bacterial.
- Mpox.
- Mumps.
- Pertussis.
- Poliomyelitis (including vaccine-associated cases).
- Psittacosis.
- Q fever.
- Respiratory syncytial virus (RSV)-associated hospitalization.
- Rubella (congenital).
- *Salmonella* Paratyphi infection.
- *Salmonella* Typhi infection (typhoid fever).
- Salmonellosis.
- Shigellosis.
- Spotted fever rickettsiosis, including Rocky Mountain spotted fever (RMSF).
- *Staphylococcus aureus*¦ with resistance or intermediate resistance to vancomycin (VRSA, VISA).
- Streptococcal disease, group A, invasive (IGAS).
- Streptococcal disease, group B, in newborn.
- Streptococcal toxic shock syndrome (STSS).
- *Streptococcus pneumoniae*, invasive disease (ISP).
- Syphilis.
- Tetanus.
- Toxic shock syndrome (TSS).
- Trichinellosis.
- Tuberculosis (TB):
  - Active disease.
  - Latent infection in a child 2 years of age or younger.
- Tularemia, non-inhalation.
- Varicella.
- Vibriosis.
- Yersiniosis.

Class C:
Report an outbreak, unusual incident, or epidemic of other diseases (e.g. histoplasmosis, pediculosis, scabies, staphylococcal infections) by the end of the next business day.

Outbreaks

- Community.
- Foodborne.
- Healthcare-associated.
- Institutional.
- Waterborne.
- Zoonotic.

NOTE: Cases of AIDS (acquired immune deficiency syndrome), AIDS-related conditions, HIV (human immunodeficiency virus) infection, perinatal exposure to HIV, all CD4 T-lymphocyte counts, and all tests used to diagnose HIV must be reported on forms and in a manner prescribed by the Director.

Trumbull County Combined Health District
Nursing Department Board Report

Board of Health Report September 24, 2025, for July and August 2025

- Attached are the July and August 2025 Project DAWN reports, Overdose reports, and Animal Bite reports.
- TCCHD is currently waiting on guidance for Covid-19 vaccines from the Ohio Department of Health.
- TCCHD will be offering the current influenza vaccine for all populations, included uninsured and underinsured recipients. TCCHD will be conducting numerous outreach clinics throughout the upcoming months at different locations throughout the county, starting in October 2025.

Nursing Division Staff Report:

Reported Communicable Disease Cases for **July 2025**	
Anaplasmosis	1
Campylobacteriosis	4
Chlamydia	29
COVID-19	18
CPO (CP-CRE)	2
E. Coli	1
Gonococcal	7
Hepatitis A	1
Hepatitis B	2
Hepatitis C	35
Legionella	2
Lyme Disease	46
Measles	2
Pertussis	1
Salmonella	6
Varicella	1
TOTAL	**158**

Reported Communicable Disease Cases for **August 2025**	
Campylobacteriosis	3
Chlamydia	21
COVID-19	42
CPO (CP-CRE)	7
Cryptosporidiosis	1
Gonococcal	8
Hepatitis A	1
Hepatitis B	1
Hepatitis C	40
Legionella	3
Lyme Disease	21
Meningitis (aseptic)	2
Salmonella	2
Strep Group A	3
Varicella	1
TOTAL	**156**

Data extraction: 09/05/2025

Date Source: Ohio Disease Reporting System (ODRS)

Counts include all cases reported to ODRS and investigated by TCCHD. Counts do not represent actual cases of disease.

From: Dan Bonacker, MPH, EHSIT, Accreditation Coordinator

RE: Board Report (9/24/2025)

- **Accreditation:**
  - **Strategic Plan (S.P.):**
    - The MTCHP (Mahoning Trumbull County Health Partners) have identified the five priorities of the new CHIP, and we have broken into work groups for all five priorities areas to continue working on them. Knowing all five priorities of the CHIP is the foundation we needed for our strategic planning needs, and this puts us one step closer in the process which is still slated to begin in January of 2026.
  - **Performance Management (PM):**
    - All the performance management dashboards for the 2nd quarter of 2025 are finished and have been posted for all TCCHD personnel to see.
  - **Re-Accreditation Work:**
    - I continue to review all ten domains and compile team members who will be notified as to which specific standards and measures they will be responsible for prior to the site visit. This will streamline the process during the site visit.
    - Frank and I have reviewed and revised all 9 domain revisions that our PHAB specialist (Ashley) has requested that we strengthen prior to the site visit. I am working on producing all those revisions now. The next step will be submitting them to Frank for one final approval before we upload and submit them to PHAB.
  - **Workforce Development (WFD):**
    - The cultural calendar(s) for September of 2025 has been posted to the communal area near room 11/media room near the mailboxes.
  - **Quality Improvement (QI):**
    - Both QI project storyboards we submitted to PHAB for reaccreditation have been updated to reflect more narrative data at the request of PHAB.
  - **Community Health Assessment/Community Health Improvement Plan (CHA/CHIP):**
    - The final draft of the CHA was delivered to the MTCHP on 9/8/2025. We will now post the CHA to our website for the public to view, and we will present it to the board as well at a future date determined by the health commissioner.
    - The MTCHP continues to work on the five CHIP priorities areas in work groups to develop priorities, goals, and objectives to address those areas.

Report of the Health Educator
Trumbull County Combined Health District
Kris Kriebel
Updates for September 24th Board Meeting

Creating Healthy Communities Grant

- CHC Grant Activities:

CHC Coalition:

- Attended CHC All-Project In-Person meeting in Columbus

Partner Organization Activities:

- Attended HCP Healthy Food Retail meeting
- Attended HCP Active Transportation meeting
- Attended HCP Parks and Green Space meeting
- Attended HCP Steering Committee meeting
- Attended YSU GuinFit Bike Workshop Steering Committee meeting
- Attended Pedestrian Safety and Education Coordinator Team meeting

Liberty Township Strategies:

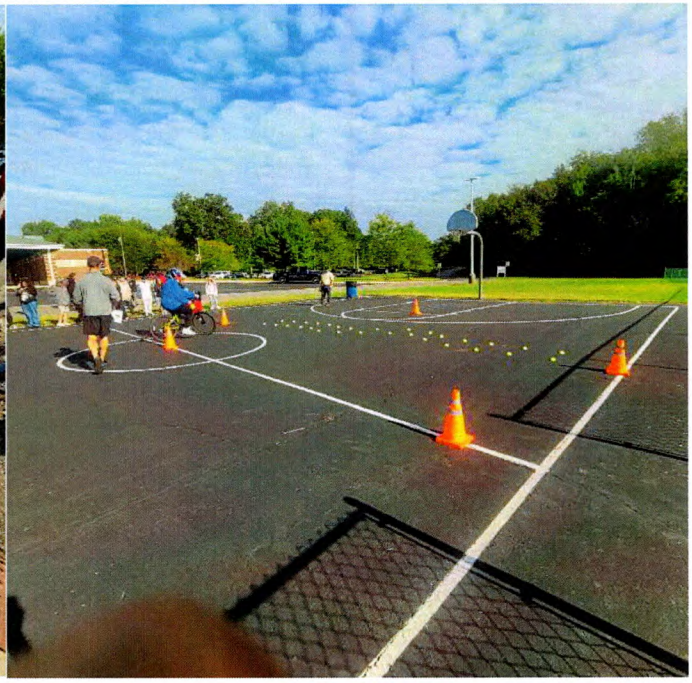
- Continue to help Church Hill United Methodist set up their food pantry and distribute to the community.
- Still providing educational literature to the residents.

Warren City Strategies:

- Hired an individual for the Transportation Ambassador position through the Healthy Community Partnership.
- Next steps will be onboarding and training the individual to prepare them for the position.

Niles City Strategies:

- Implemented the Safe Street Demonstration near the Niles Middle School.
- Had a good turn out from the school and multiple partners (YSU, HCP, Eastgate) to paint and install the temporary infrastructure.
- Hosted a bike rodeo with some of the students to teach them about bike safety and maneuverability.
- **See photos below**

Plans for October 2025


- Attend HCP Active Transportation Action Team meeting
- Attend HCP Healthy Food Retail Action Team meeting
- Attend HCP Parks and Green Spaces Action Team meeting
- Attend HCP Steering Committee meeting
- Attend HCP Parks and Greenspaces Summit
- Attend TCCHD Administrative meeting
- Attend CHC Project Call
- Finish reporting for Q4 of this year's CHC grant
- New grant year for CHC starts
